

Project: Moccasins

**Materials:** Leather, cloth, vinyl, felt (or what ever you find that will wrap around the feet well double knit works well), Scissors, hole punch, blunt needle, yarn or leather lacing  
**Directions:** place half oval on fold of material and cut out so your oval is quite large. Punch holes around oval. Using needle or wrap yarn with tape to stiffen it so it can be used as a needle sew back and forth through holes leaving long enough ends to use for ties. Put foot in middle of oval and pull lacing up tight around foot and tie.  
**Note:** you may want to adjust size of oval for small feet.
